Mission Statement

The mission of the Intensive English Program is to serve learners of English by offering courses designed to support development of English language skills for academic studies in North American universities. As part of the Department of Second Language Studies, the IEP also contributes to the development of ESL professionals, encourages curricular innovation, and supports the research mission of the department. In these ways, the IEP contributes to the broader mission of Indiana University in fostering a community of global citizens.

The IEP is committed to providing a diverse, safe, inclusive, and equitable environment to students from all national, ethnic, religious, and cultural backgrounds regardless of gender identification, sexual orientation, or physical or cognitive differences.

What is the Intensive English Program?

The Intensive English Program (IEP) teaches English and academic skills to international students who want to make rapid progress and study in a multi-cultural setting. The curriculum is designed for students at all levels of English language proficiency with an emphasis on developing the necessary oral and written skills for academic studies and business or professional communication. Students attend 4 or 5 hours of class, Monday through Friday with advanced students having the opportunity of choosing elective classes that will most benefit their English language studies. IEP Students are regarded as non-degree students with Indiana University and are treated as such. Students will have a non-degree seeking transcript available to them and will be held accountable to all IU policies.

Placement

Upon arrival, students are scheduled for the IEP Placement Exam. The exam, which takes approximately 3 hours, includes a 45-minute composition and a multiple-choice section covering listening comprehension, grammar, and reading comprehension. Results of the placement exam are used to determine which of the IEP's seven levels best matches the student's skill level.

If a student thinks that they have been placed in the incorrect level, they should first discuss the situation with their Instructor. The Instructor will fill out a *Level/Section Change Request* form with the reason for the request. During the first week of class, instructors will observe and evaluate the student's performance. After consulting with

the teachers, the Instructor will add his/her recommendation to the form. The IEP Director will use this information to decide by the end of the first week of class. Students must continue to attend the level in which they are placed until they receive an email with a decision. Change requests will not be accepted after the first week of classes.

Passing a Level

What is required to pass a level?

To pass to the next level, a student **must**:

- Pass each class with a C letter grade or better

AND

- Meet the IEP Final Exam score requirement

OR

- Meet the TOEFL score requirement

NOTE: IEP grades appear on IU transcripts and are part of your official academic record.

Class Grades

Class Grades are entirely based on the Student Learning Outcomes (SLOs) for the class¹.

Grade Point Average (GPA): calculated in the following way:

1. Convert each Class Grade to a grade point. The IEP letter grade point system is equivalent to the 4.0 system used at Indiana University.

A+ = 4.0	B+ = 3.3	C+ = 2.3	D+ = 1.3
A = 4.0	B = 3.0	C = 2.0	D = 1.0
A- = 3.7	B- = 2.7	C- = 1.7	D- = 0.7

2. Add the grade points and divide by the number of hours taken.

IEP Final Exam Score

The IEP Final Exam score is the average of the scores in each skill (grammar, listening, reading, & writing), based on the 4.0 system used at Indiana University (see above).

Students enrolled in elective classes only do NOT take the IEP Final Exam.

- The minimum score requirement for level advancement is 2.0.

TOEFL Score

IEP Students may submit official IELTS or IBT TOEFL scores in place of, or in addition to, the IEP PBT (Paper Based TOEFL) that is given at the end of each session. These tests must be taken within the current session. For students to be exempt from the IEP PBT TOEFL, official IELTS or IBT scores must be received by the IEP Office no later than 12:00 Noon, Wednesday of Week 7.

- **Minimum score requirements for level advancement:**

	PBT TOEFL	IBT TOEFL	IELTS
Level 1:	360	22	2
Level 2:	380	26	4
Level 3:	400	32	4.5
Level 4:	420	36	5
Level 5:	450	45	5.5
Level 6:	500	61	6
Level 7:	550 or higher	79	6.5

¹The Student Learning Outcomes (SLOs) are located in the appendix of this manual.

IEP Evaluation Report

All students will receive an end of session IEP Evaluation Report. (See next page.) This will give a clear overview of the classes they attended, class scores received, TOEFL Scores, absences, etc.

Policy for Repeating a Level

IEP Students may need to repeat a level in order to raise their level of English proficiency necessary to begin the next level. Repeating a level once or twice is not unusual. However, no student should repeat a level a third time. Students who need a fourth time at a level are not making satisfactory progress in developing English language proficiency.

Students who are required to repeat a level a third time will be dismissed from the program for lack of academic progress. A dismissed student should plan to transfer to a different English program. The IEP will notify the Office of International Services of dismissed students and of their possible transfer requests.

Students dismissed for lack of progress who wish to return to the IEP must re-take the IEP Placement Exam and place higher than their last level studied in the IEP.

IEP Complaint Process

As members of the IU student population as non-degree students, all IEP students are protected by the *IU Bloomington Code of Student Rights, Responsibilities and Conduct*. Any IEP student who has a complaint against the IEP, an instructor, or a staff member should initially attempt to solve the issue by meeting with the IEP Director. If the matter is still not resolved, then the student should see the IEP Formal Complaint Process in the Appendix.

Attendance Policy

Every student is expected to attend all classes and the IEP Final exam and TOEFL ITP. All absences are counted, including absences from the IEP Final exam and the TOEFL ITP. The count of absences begins on the first day of classes and includes days missed for late registration, religious observances, and routine medical care. Excessive absences for long-term illness can result in withdrawal from the program for that session. In order to withdraw, documentation will be required from a U.S. medical doctor, licensed clinical psychologist, or doctor of osteopathy. Attendance records are on evaluation forms and may be on letters of recommendation sent by the program.

The table below shows the number of absences (hours, not days) that will result in an attendance warning, attendance probation, or dismissal.

Classes Hours Enrolled In	Notice Issued	Warning Issued	Dismissal
5	12 Absences	26 Absences	35 Absences
4	10 Absences	21 Absences	28 Absences
3	8 Absences	16 Absences	21 Absences
2	5 Absences	11 Absences	24 Absences
1	3 Absences	6 Absences	7 Absences

Students who have the Warning number of absences but fewer than the dismissal number will be able to continue in the IEP the following session.

Students with the Notice number of absences will be asked to meet with the IEP Director to explain the reason for their absences. Appointments can be made by calling the IEP Office at 812-855-6457 or by emailing iep@indiana.edu.

Students who have absences equal to or greater than the dismissal number will not be able to continue in the IEP the following session. They also will not be able to stay in university housing, but they may return to the IEP after attending one session in another program or after returning home.

Students who are notified of dismissal may ask for an appeal of the dismissal.

The procedure for the Dismissal Appeal is as follows:

1. Student is notified of dismissal status.
2. Student submits a Letter of Appeal indicating reasons for excessive absences.
3. Director consults with Instructors on student's progress.
4. Director distributes Letter of Appeal and Summary of Instructor Consultation to IEP Advisory Committee.
5. IEP Advisory Committee members recommend for or against granting the Appeal.
6. Student is notified of Committee's decision.

Students are allowed only one Appeal for Dismissal purposes. If a student acquires another Dismissal status they will not be allowed an Appeal.

IEP Email Policy

How to Log on to your IU Mail

You will automatically have an e-mail address at IU. The address is your *username@iu.edu*. You can check your mail from any computer with a web browser.

Here's how:

1. Log on to a computer
2. Open a web browser
3. Go to <https://mail.google.com/a/iu.edu>
4. Enter your username and passphrase

Computing Guide – Dos and Don'ts

1. **DO READ your IU email every day.**

Important announcements are sent to your IU e-mail from the IEP and other University offices. You are **required** by Indiana University to check your IU email account daily.

2. **DO NOT forward your IU mail to another account.**

Many students already have non-IU e-mail accounts. Even though you can set your IU account to automatically send your IU e-mail to your other account, you should **never** do this.

3. **DO NOT allow anyone else to use your account.**

This could lead to identity theft and can cause many problems with your IU online accounts, including your bursar account!

4. **DO NOT give anyone else your passphrase.**

If someone knows your passphrase, he or she will have access to all of your personal information. Your grades, class schedule, and ID number are just a few examples of what is available to a person with your passphrase.

If you have a computing problem, tell your coordinator or writing teacher. If your teachers can't help you, they will find someone who can.

Reasons to Read Your IU Email Daily

You must check your IU email account daily. This is a university, as well as an IEP, requirement. Teachers and staff will use your email to inform you of class schedule changes, trip information, upcoming due dates, etc. You are held responsible for accessing this information.

IU email is the official means of communication from all university departments, including the IEP, the Office of the Bursar, Residential Programs and Services, and the Office of International Services (OIS). Email messages from OIS (intlserv@indiana.edu) are very important. Unread email from all these university offices may have a negative effect on your immigration and SEVIS status.

Computer Labs on Campus

University Information Technology Services (UITs) provides computer labs for students, faculty and staff of Indiana University. The Student Technology Centers (STCs) on campus offer all IU students an easy access to computers, printers and software.

The STCs include a variety of settings including classrooms, individual study areas, and large spaces for group work. The computer labs also provide access to both Wi-Fi and power for those who prefer to bring their own devices. All STCs are equipped with either Windows or Macintosh workstations that provide access to a wide variety of services, including large-format printing and high-performance multimedia services.

To locate a Student Technology Center go to: <https://kb.iu.edu/d/aqut> and click on “list of labs” to find computer labs by campus building.

Computing at Indiana University

How to Logon to an IU Computer (PC)

1. Press the *Ctrl – Alt – Delete* keys (all three at the same time).
2. In the “Logon” box, enter your username and passphrase.
3. Click OK (or press Enter).
4. Use the DUO mobile app on your smartphone to authenticate your login.

How to change your passphrase

1. Go to One.IU (<https://one.iu.edu/>) and click Start in the Passphrase Reset window.

-OR-

2. Go to <https://one.iu.edu/task/iu/reset-my-passphrase> .
3. Under the Do you know your current passphrase question, click yes.
4. If asked, log in with your IU username and passphrase.
5. Read the on-screen information and follow the directions.
6. In the "Current Network ID Passphrase" field, enter your current passphrase.
7. In the two remaining fields, enter your new passphrase.
8. Click Change Passphrase.

Note: It may take up to 20 minutes for all systems to recognize your new passphrase.

Do Not Forget Your Passphrase!

If you forget your passphrase, no one in the IEP can help you. You will have to go to the UITs help desk in the Main Library to have your passphrase reset. Take your IU ID card with you.

Crimson Card Information

All IEP Students will need to pick up their IU Crimson Card. Crimson Card is the official photo ID for all Indiana University Campuses and provides access to essential University services. For more information, visit crimsoncard.iu.edu.

IEP Students will be able to get their Crimson Cards later in the Orientation week of their arrival. There are two locations to have your Crimson Card issued.

IMU M090 (Main Level)

Herman B. Wells Library Fourth Floor

More information on your Crimson Card can be found in a separate document you will be given during your Orientation week.

IEP/OIS Policy for Students Dismissed for Attendance

For students **with** a valid I-20 for the subsequent session:

If an IEP student is dismissed (ineligible to enroll) for the subsequent session, the student will have 21 days from the last day of classes of the current session to:

1. Transfer their SEVIS record to another university,
2. Apply for a change in immigration status, or
3. Depart the United States.

On the 21st day, if the student has not transferred to another university, the student's SEVIS record will be terminated. The SEVIS record will be terminated in both of the other cases.

For students **without** a valid I-20 for the subsequent session:

These students may transfer on or prior to the last day of the current session and are not eligible for extension, unless their document was extended prior to the attendance dismissal.

If the student fails to transfer his/her SEVIS record on the last day of the current session, then his/her SEVIS record will be terminated immediately for "Otherwise Failing to Maintain Status – Program Dismissal." These students are viewed to have not "completed" their program requirements. As such, they cannot be given the 21-day reporting period.

Late Registration Policy

Late registration will not be permitted after Week 1 of the IEP Session. Returning students must register during Week 0. Any student attempting to register after Week 1 will not be allowed to continue in the IEP and will have to transfer and enroll at a different language school.

Refund Policy

- The IEP cannot refund registration fees because class schedules are based on the number of students who register each session. Once a student registers, the student is responsible for the full amount of tuition fees.
- If you are not sure that you want to be in the IEP, you should NOT register.
- Sponsors will be billed for a whole session regardless of the student's length of stay.
- Questions regarding refunds should be made to the Director of Budget and Administration.

Withdrawal Policy

Students who wish to withdraw from an IEP class should first make an appointment with the IEP Director to discuss the rules for withdrawing and how withdrawing from a class may affect finances, relationships with sponsors, and immigration status. IEP students on a student visa (F-1/J-1) should also consult with the Office of International Services about their immigration status and the impact of withdrawing from classes.

The following important points should be carefully considered and discussed with the Director of Budget and Administration, who will help students avoid unnecessary financial, academic, and immigration problems.

- **The IEP does not give refunds for withdrawing from a class.**
- Once students are registered in IEP classes, all classes and grades will appear on their official Indiana University transcript and IEP Evaluation Report.
- Withdrawal from a class during Weeks 1 through 5 will result in a grade of W appearing on the student's transcript for each dropped class.
- Withdrawal from a class during Weeks 6 or 7 will result in a grade of F appearing on the student's transcript.
- Both grades W and F appear on official transcripts and on IEP Evaluation Reports.
- After Week 5, a grade of W may be given only if a student has a serious medical condition and provides documentation from a U.S. medical doctor, licensed clinical psychologist, or doctor of osteopathy.
- In making a request to withdraw for a serious illness, supporting medical documentation must be provided to the IEP before the last day of the session in which the student is withdrawing.
- F-1 or J-1 Students requesting to withdraw from one or more IEP classes due to a serious medical condition should contact the Office of International Services for approval of a Medical Reduced Course Load before withdrawing from classes.

Once you have made a decision to withdraw, you must submit a written request by email to the Director of Budget and Administration, Michelle Fleener, at fleenerm@iu.edu.

Immunization Compliance

All Indiana University students are required by state law to provide proof of immunization before or during their first semester/session of study. Students must log into [One.IU](#) and search for **Immunization**. Register for a Med+Proctor account using your IU email address. Once you have an account and log into Med+Proctor, answer all required questions and upload your immunization records. **Note: Records must be in English or translated into English by a professional service such as Luna Translation Services** (<https://luna360.com/industries/students/>).

Required Immunizations

- Measles (requires two doses)
 - Mumps (requires two doses)
 - Rubella (requires two doses)
 - Tdap (tetanus, diphtheria, and acellular pertussis)
 - Varicella (chickenpox, two doses)
 - Meningitis ACWY required for students under age 22*
- { Combined as an MMR immunization }

All current students will use IU's COVID-19 vaccine report form to attest that they are vaccinated and report all doses of their vaccine. Incoming students should plan to complete the self-report form at <https://www.iu.edu/covid/prevention/covid-19-vaccine.html> once they have created their IU email account.

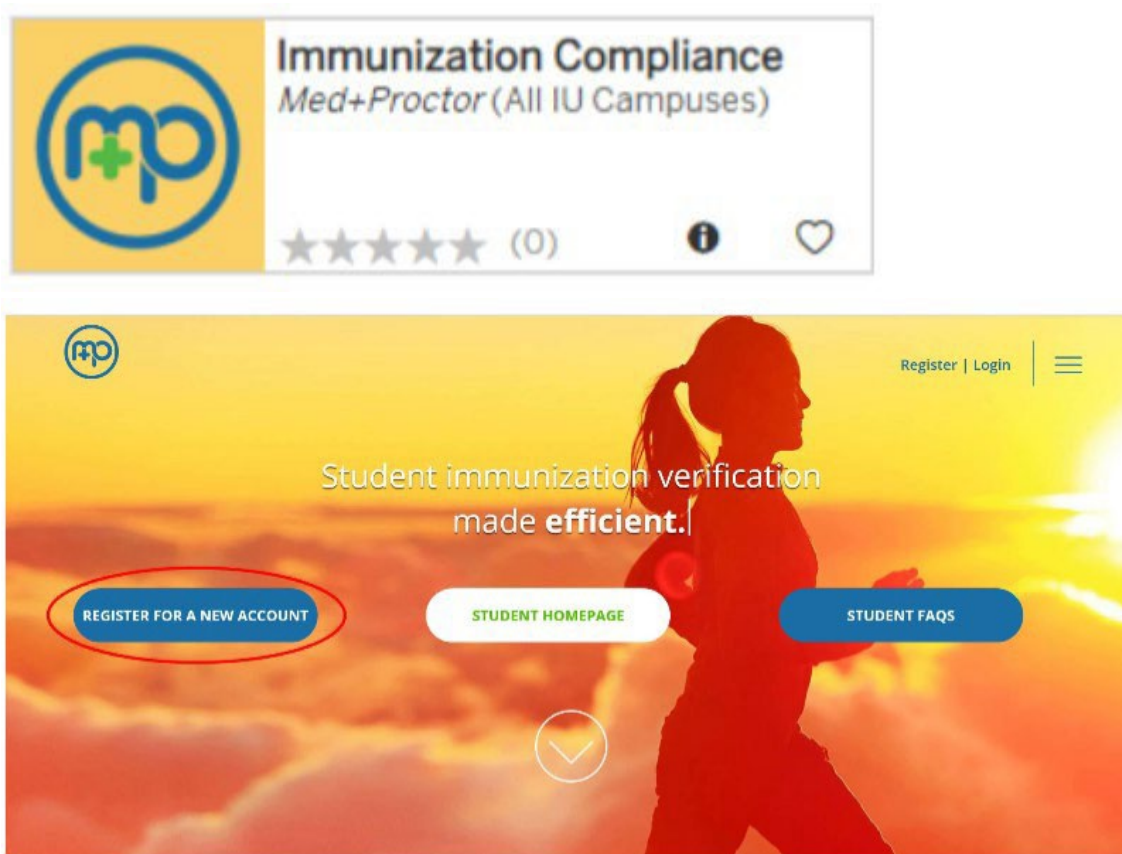

*Meningitis B – two doses are recommended, though not required, for students under age 24.

If you have not received all of the above immunizations, you will need to make an appointment with either the IU Health Center or a doctor/clinic of your choice to complete your immunization records. The IU health center **only** accepts Blue Cross Blue Shield PPO and Anthem Student Health insurance plans. You may want to find a clinic that accepts your health insurance in order to be sure that your immunization costs will be covered under your health plan.

All IU students must also have documentation of a Tuberculosis test (TB). The documentation must show that the TB test was done in the United States. Tuberculosis screenings are scheduled during Orientation Week for students without results from the United States.

***Please note: The Tuberculosis screening will cost \$100 at the time of testing. Any additional x-rays or follow-up appointments will be the responsibility of the student.

Common Immigration Terms

Visa

- A visa is a stamp in your passport issued by an American Embassy or Consulate in your country.
- It allows you to get on a plane to the US and request entry to this country.
- The date of a visa does **not** affect how long you can stay in the country. Your visa can expire while you are in the US without affecting your status.

USCIS

- The United States Citizenship and Immigration Service is a part of the Department of Homeland Security. It controls the status of international visitors who are in the U.S.

SEVIS

- SEVIS is a **government required** web-based system used to maintain accurate and current information on F-1 students, J-1 exchange visitors, and their dependents. SEVIS enables schools to produce visa documents and record information about a student's stay in the United States.

I-20

- This document is used to apply for an F-1 visa.
- It shows the beginning and expected completion of studies, level of study, field of study, and funding. It is issued by the school the F-1 student plans to attend.

DS-2019

- This document is used to apply for J-1 exchange visitor.
- It shows the beginning and expected completion dates, level of study, field of study, and funding. The DS-2019 is issued by the program sponsoring the student.

I-94

- This important immigration document must be printed out from the U.S. Customs and Border Protection website at <https://i94.cbp.dhs.gov>. If you do not have this document, please see the Immigration Specialist in the IEP office in Ballantine Hall 706.
- Your visa status and D/S will be on the I-94 document.
- The official name of the I-94 is the **Departure Record**. When you leave, it is given to the airline so immigration can confirm that you are no longer in the US.

Immigration Terms (continued)

D/S

- I-94 documents for F and J students and dependents should be marked D/S, which means **duration of status**.
- This means that a student may remain in the US until the “completion of studies” date on the I-20 or DS-2019, as long as the student remains in status.

OIS

- The Office of International Services is located in room 525 in Eigenmann Hall.
- OIS helps IEP students with visa problems or questions about their student immigration status.

Atlas

- **Atlas** provides on-line services for all Indiana University international students.
- Use **Atlas** for e-form requests for travel signatures, extensions, transfers and other immigration-related requests. Login at <http://atlas.iu.edu>

One.IU

- Another Indiana University on-line service used by students to provide updates to the university, including address changes. <https://one.iu.edu/>

International Student Service Fee

- All IEP students are billed for the Indiana University International Student Services fee.
- This fee is \$49.62 per session.
- All international students pay this fee.
- The fee will be billed to your bursar's account about three weeks after IEP classes start. You can check your bursar's account online through One.IU.
- You can pay this bill online or at Student Central located on 408 N. Union Street
- NOTE: This fee is separate from IEP Tuition and must be paid, in addition to any past due Bursar bills, before you register for the next session or before you leave IU.
- If you are a sponsored student, please check with your sponsor. If your sponsor does not cover this fee, you will need to pay.

REMEMBER: YOU CAN EXIT AND RE-ENTER THE USA IF YOU FOLLOW THE CORRECT PROCEDURES.

Students who do not wish to continue their studies may return home or leave the USA at the end of any IEP session, after informing the IEP and OIS of their decision.

You will receive information about re-entering the USA from OIS.

Staying in Status

1. Your I-20 or DS-2019 must be valid.
2. You must be enrolled in the IEP.
3. You must attend classes.
4. You must add or edit your current local address in [Atlas](#) or send it to the [IEP Office](#) within ten (10) days of moving.
5. You must maintain contact with the IEP.*

*Failure to maintain contact will **require** us to begin the termination process. You will be out of status if you are terminated in SEVIS.

You must be careful to stay **in status**. If you decide to stop studying in the IEP, make an appointment with the IEP Director to discuss the IEP's withdrawal policy. Then, go to OIS talk about your options. Be sure to inform the IEP of your final decision.

What should I do with my status after the IEP?

- Students in F-1 status must transfer to a new program or leave the US within 60 days of the last day of IEP classes.
- Students in J-1 status must leave the US within 30 days of the last IEP class. J-1 students who wish to begin a new program in the US must speak with a representative of the program that issued the DS-2019.

Out of Status Information

US immigration laws make staying in-status very important. Students who are **out of status** or have **overstayed** their study time may have trouble returning to the US.

You will be out of status if:

- You stop attending classes without permission before the end of a session.
- You are studying after the program end date on your I-20 or DS-2019.
- You are an F-1 and remain in the U.S. more than 60 days after your last IEP class.
- You are a J-1 and remain in the U.S. more than 30 days after your last IEP class.

If you are out of status:

- *You cannot re-enter the US without a **new** I-20 or DS-2019*
- *You will have difficulty applying for a visa from a third country such as Canada or Mexico*

Immigration Documents

- Passport (from your country)
- I-20/DS-2019
- Visa
- I-94 Document

SEVIS (Student & Exchange Visitor Information System)

All schools must tell immigration (using SEVIS) about each international student several times:

- when the student arrives at the school
- student enrollment for each session
- when a student transfers to a different school
- when a student changes to a new program of study
- when a student changes his/her address

Enrollment

You must be a full-time student while you are studying in the IEP if you are on an F-1 or J-1 visa.

Attendance

Attendance is very important for you to maintain your status as an enrolled student. Make sure you review and understand the attendance policy as stated on Page 13.

Transferring

If you transfer to IU from another school, you need to bring ALL your previous I-20s to the OIS in Eigenmann Hall Room 525, even if you have submitted them to the IEP Office. This is VERY important.

Travel

Request a signature for page 3 of your I-20 (page 1 of your DS-2019) online via [Atlas](#)

- Inform the IEP Office of your travel plans
- Do not leave the U.S. without a signature if you plan to return to the IEP

Program Changes

Check the date of your I-20 (or DS-2019) expiration. OIS and the IEP work together to help students who want to:

- extend their studies in the IEP (past the I-20 expiration date)
- transfer to another school (including IU Bloomington)

Tips on Staying in Status (Continued)

Document Safety

- Passport (from your country)
- I-20/DS-2019
- Visa
- I-94 card

Your documents are your responsibility!

Keep them in a safe place.

Do not throw them away (even if you transfer to a different school).

Employment

- F-1 and J-1 students can work on campus for up to 20 hours (combined for all on-campus jobs) per week.
- IEP Students need permission from the IEP.
- J-1 students need additional authorization from OIS to work on campus.
- International students CANNOT work off campus.

Address Updates

- All international students must report address changes within 10 days!
- Change your address in One.IU or bring your address to the IEP Office.

IU Email

You must check your IU email account EVERY DAY (Indiana University Policy). OIS and IEP send important messages to your IU email. Look for messages from these addresses:

- ois@iu.edu
- sevisiu@iu.edu
- iep@indiana.edu
- qp@indiana.edu

Your email address is the only place you will receive important messages from the IEP, OIS, and your IU billing account from the bursar.

IEP Students must:

- | | |
|----------------------------------|-------------------------------------------|
| - Maintain full time enrollment | - Leave after finishing the IEP |

| - Get a travel signature | - Work only on campus with permission |
| - Know your I-20 expiration date | - Update your address within 10 days |
| - Transfer through SEVIS | - Read all messages sent to your IU email |

Remember, OIS Staff and IEP Office Staff are here to help IEP students and give good advice.

Healthcare

- TB Testing Policy
- Health Insurance Requirements
- IU Student Health Insurance
- Cost of IU Insurance
- Health Insurance Waiver
- Insurance Claims
- Medical Facilities
- Bloomington and IU Services

TB Testing

Intensive English Program Students (IEP) must be tested for Tuberculosis (TB) by Quantiferon Blood Test (QFT). Testing for TB is required by the State of Indiana, Indiana University and the IEP unless you are a citizen or permanent resident of the United States. This test is a blood sample. It is a highly accurate blood test for TB infection that replaces the tuberculin skin test (PPD, Mantoux Test, Tine Test). This test will be done in a single visit. This blood test does not react to BCG vaccine for TB.

The cost of the test is approximately \$100.00. If you are signing up for Indiana University's international health insurance through Anthem, you may have the TB test billed to your Bursar account. If you have your own health insurance through another provider, then you must pay at the time of service.

If you test **negative**, no further action needs to be taken.

If you test **positive**, you will be required to take a chest x-ray within one week for an additional charge. This is *MANDATORY* and failure to get the chest x-ray could result in penalties. After the chest x-ray, you will receive another letter with the results and further instructions.

Indeterminate:

This means that your TB status could not be determined. You will be required to take the test again in 4 weeks. This is *MANDATORY* and failure to repeat the test could result in penalties. If the second blood test remains indeterminate or is positive, a chest x-ray will be required for additional charge.

Health Insurance Requirements

The U.S. Department of State **requires** all international students and their accompanying family members to have health insurance. This insurance must provide each student **and** family member (spouse/children) to have minimum coverage levels of:

1. Must cover all pre-existing conditions with no waiting period.
2. Maximum \$2,000 out-of-pocket expense
3. \$100,000 coverage for each sickness/illness, including maternity/pregnancy care
4. \$100,000 coverage for each accident/injury
5. \$50,000 coverage for medical evacuation
6. \$25,000 coverage for repatriation
7. \$500 Deductible or less

IU International Student Health Insurance

Indiana University's international student health insurance policy is administered by Anthem Student Insurance Plans and Academic Health Plans, a full-service insurance company. The IU insurance plan provides coverage that meets or exceeds the minimum requirements. Students registered in the IEP are automatically enrolled in IU's International Student Health Insurance.

Insurance Costs

Insurance premiums (costs) for the Fall 1 2022 sessions are as follows:

	Fall 1 2022	Fall 2 2022
Student	\$330.51	\$402.36
Spouse	\$330.51	\$402.36
1 Child	\$330.51	\$402.36
Children 2+	\$661.02	\$804.72
TOTAL Student + Spouse + Children	\$991.53	\$1,207.08
Coverage Period	Aug 1, 2022 – Oct. 8, 2022	Oct 9, 2022 – Dec. 31, 2022

Your dependents are eligible for IU health insurance if you are enrolled in the IU international student health plan, but your dependents are **not** automatically enrolled in the plan. To insure your dependents, you must fill out an application form and pay separately for the coverage. Insurance costs for dependents cannot be billed through the bursar. The application form for dependents is available by going to:

<https://ois.iu.edu/living-in-the-us/health/insurance/student-insurance/dependents.html>

Click on: 

Remember any dependent here with you during your studies **must** be insured.

Insurance Waiver Request

International students in F and J status are required to enroll in the IU International Plan. Limited exemptions to enrolling in the IU International Plan are available. Sponsored students whose sending organization provides approved health insurance as stated in their financial guarantee or contract will receive an automatic exemption. Financial guarantee must be current and on file with the Bursar.

J-1 students in an official exchange program whose sponsoring organization either provides health insurance or funding to purchase health insurance and students who are covered under their spouse's health insurance plan may request an insurance waiver. The waiver request is available by contacting the Office of International Services.

All Waiver Requests must be completed no later than 10 days after the first day of class for each IEP session. If approved, the waiver must be renewed every session. Students who miss the waiver deadline or who do not renew an approved waiver will be enrolled in the IU Insurance plan and will be responsible for paying the premiums.

In case of a snow emergency, you should stay inside your home until roads are clear. During the winter, you should keep your car's gasoline level near full in case you slide off the road or are stopped for long periods. You can keep the engine running to stay warm. If your power goes out, use blankets to keep warm, and call your local power provider.

Renter's Insurance

If you rent an apartment, either on campus or off campus, it is a good idea to purchase renter's insurance. Renter's insurance will pay for damage to your apartment, as well as help replace damaged furniture and electronics. The average renter's insurance policy will cover \$30,000 to \$35,000 worth of damage caused by the following:

- Fire or lightning
- Windstorm or hail
- Explosion
- Riot or civil commotion
- Aircraft
- Vehicles
- Smoke
- Vandalism or malicious mischief
- Theft
- Damage by glass or safety-glazing material that is part of a building
- Volcanic eruption
- Falling objects
- Weight of ice, snow, or sleet
- Water-related damage from home utilities
- Electrical surge damage

Most policies also cover living expenses if your apartment becomes unlivable.

The average cost for renter's insurance is \$150 - \$350 per year, or \$12.50 - \$30.00 per month. All people living in the apartment will be covered, as long as their names are included on the application.

Most insurance companies offer renter's insurance. A few examples are:

- State Farm Insurance (812) 333-1322 (<https://www.statefarm.com/>)
- Allstate (812) 339-5939 (<https://www.allstate.com>)

- Farm Bureau Insurance (812) 336-0174 (<https://www.infarmbureau.com>)
- American Family Insurance (800) 692-6326 (<https://www.amfam.com>)

IEP Formal Complaint Process

As members of the IU student population as non-degree students, all IEP students are protected by the *IU Bloomington Code of Student Rights, Responsibilities and Conduct*. Any IEP student who has a complaint against the IEP, an instructor, or a staff member should initially attempt to resolve the issue by meeting with an available member of the IEP Advisory Committee. If meeting with the member of the IEP Advisory Committee fails to satisfactorily resolve the issue, the student will be asked to specify the complaint in writing on the Student Complaint/Resolution form. The IEP Advisory Committee member will then pass the complaint along to the appropriate IEP administrator who will handle the matter in a timely and confidential manner.

Formal Complaint Process:

1. The complaint is reviewed by the supervisor of the IEP representative involved.
2. If the complaint cannot be resolved by the immediate supervisor, the issue will be directed to the next higher IEP administrator.
3. If a resolution has not been reached at the second administrative level, the complaint will be brought to the attention of the rest of the members of the IEP Advisory Committee.
4. The Advisory Committee will review the matter and determine what course of action needs to be taken, if any.
5. The student will be notified of the final decision and all documentation relating to the complaint will be uploaded to the student's advising file in Sunapsis.
